PROFESSIONAL SUMMARY

Dedicated ICT Specialist and Cybersecurity graduate (Diploma at UCAS) with **5+ years of practical experience in IT support and computer maintenance**, network troubleshooting, and data management. Currently volunteering with the Palestinian Red Crescent Society (PRCS) and mentoring students with the Ofuq (AFOQ) Engineering Community. Holds multiple global certifications from **Cisco Networking Academy (CCNA: Introduction to Networks)**, NVIDIA, HP LIFE, Edraak ICDL, and TryHackMe. Co-developer of an **AI-Powered NIDS/IPS** capstone system and creator of **ProLaptop Ultimate v3.1**, a comprehensive 100-tool Windows maintenance and cybersecurity framework.

KEY SKILLS & TECH

ADVANCED

- IT Support
- Hardware Maintenance
- Software Diagnostics
- Windows Administration
- PowerShell & BAT
- Data Entry & Mgmt

INTERMEDIATE

- CCNA: ITN Networking
- Cybersecurity Basics
- Offensive Security
- IPv4/IPv6 Networking
- Routing & Switching
- Linux Fundamentals
- Java (OOP, CRUD)

TECHNOLOGIES

- Windows & Linux OS
- PowerShell & CMD
- Java & Python (ML/NIDS)
- Git & GitHub
- Cisco Packet Tracer
- Nmap & Scapy
- AI Basics (Jetson Nano)
- Microsoft Office
- Canva Pro

SOFT SKILLS

- Problem-Solving
- Teamwork & Leadership
- Adaptability
- Business Communication
- Technical Mentorship

EDUCATION & LANGUAGES

Diploma in Cybersecurity — **Jul 2023 – Aug 2026**
University College of Applied Sciences (UCAS) — Gaza Strip — *Graduated*

High School Certificate — **2022**
Haroun Al-Rasheed High School — Khan Younis — *Completed*

LANGUAGES

- **Arabic:** Native
- **English:** Professional

EXPERIENCE

ICT Specialist (Volunteer) — Jan 2024 – Present

Palestinian Red Crescent Society (PRCS) — Khan Younis

- Provide direct and remote technical support, resolving system and network issues efficiently.
- Maintain and manage IT infrastructure to ensure continuous daily operations.
- Implement information security procedures and policies to protect institutional data.

Data Entry Clerk (Volunteer) — Jan 2024 – Present

Palestinian Red Crescent Society (PRCS) — Khan Younis

- Accurately manage database entry and organize digital records for integrity and compliance.
- Conduct strict data verification and quality checks to minimize documentation errors.

Technical Mentor & Engineering Community Member — 2026 – Present

Ofuq (AFOQ) Engineering Community & TALENT Platform — Gaza Strip

- Support and guide university students academically and technically, developing their practical skills in cybersecurity, networking, and operating systems.

IT Technician & Programmer — Jan 2019 – Present

Self-Employed (Pro Laptop) — Khan Younis

- Perform advanced maintenance and programming for smartphone and PC clients.
- Diagnose and resolve complex hardware and software malfunctions.
- Developed and launched promotional materials and infographics via Canva.

Emergency Vaccination Campaign Worker — Sep 2024 – Oct 2024

UNICEF — Gaza Strip

- Managed field logistics and coordinated with local health teams for the national polio campaign.

TECHNICAL PROJECTS

AI-Powered Network Intrusion Detection & Prevention System (NIDS/IPS) — Aug 2026

Python, XGBoost, Autoencoder, Isolation Forest, FastAPI, Scapy, iptables | UCAS Graduation Project

- Developed an end-to-end intelligent network defense system capturing live traffic, extracting 42 flow features, and classifying attacks using XGBoost (86.82% accuracy, 0.8205 F1-score) on NSL-KDD.
- Implemented a Zero-Day anomaly detection layer combining Deep Autoencoders (90.1% recall, 0.960 ROC-AUC) and Isolation Forest to identify unseen cyber threats.
- Integrated automated firewall IP blocking via `iptables` and a live WebSocket SOC Dashboard with SQLite alert logging.

ProLaptop Ultimate v3.1 — 2019 – 2026

PowerShell, BAT, WinPE | **github.com/mahmoud-kullab/ProLaptop-Ultimate**

- Built a robust 100-tool Windows PC maintenance and cybersecurity framework.
- Engineered 7 distinct modules including System Repair, Network Diagnostics, and Cyber Security.
- Integrated a standalone WinPE Edition for offline system recovery and hardware diagnostics.

Library Management System — 2026

Java | **github.com/mahmoud-kullab/Library-Management-System-Java**

- Developed a console-based application utilizing Object-Oriented Programming (OOP) principles.
- Implemented complete CRUD operations with robust input validation and error handling.

CERTIFICATIONS & LICENSES

CERTIFICATE / CREDENTIAL & ISSUING ORGANIZATION	ISSUE DATE
CCNA: Introduction to Networks ✓ Verify on Credly Cisco Networking Academy - UCAS (Instructor: Eid Elagha | Cert ID: 2ad6c4b5-a762-4912-b245-695d6203a854)	Oct 25, 2026
Business Email HP LIFE (HP Foundation)	Jun 17, 2026
Getting Started with AI on Jetson Nano NVIDIA	Jun 16, 2026
Nmap Live Host Discovery TryHackMe	May 26, 2026
Passive Reconnaissance TryHackMe	May 26, 2026
Active Reconnaissance TryHackMe	May 26, 2026
Getting Started with Cisco Packet Tracer (Instructor-Led) Cisco Networking Academy - UCAS	May 17, 2026
Networking Basics ✓ Verify on Credly Cisco Networking Academy	May 12, 2026
Getting Started with Cisco Packet Tracer (Self-Paced) Cisco Networking Academy	Apr 18, 2026
ICDL Base Specialization (4 Modules) Edraak (Word, Excel, IT Essentials, Email)	Apr 2026
Introduction to Packet Tracer ✓ Verify on Credly Cisco Networking Academy	Apr 18, 2026
cat linux.txt - Linux Fundamentals Badge TryHackMe	Jan 2026
Java Programming & CompTIA A+ (Self-Study) Self-Directed / Online	Jan – Feb 2026
Networking Fundamentals - Network Basics Cisco Networking Academy - UCAS (22 Hrs)	Jan 2026
Offensive Security Intro TryHackMe	Dec 2025
Canva for Beginners ✓ Verify on Coursera Coursera - Freedom Learning Group	Nov 2025
Professional Home Electrician Diploma Golden House Consulting & Training (80 Hrs)	Sep 2019
