KEY SKILLS & TECH

Advanced

- IT Support
- Hardware Maintenance
- Software Diagnostics
- Windows Administration
- PowerShell & BAT
- Data Entry & Mgmt

Intermediate

- Cybersecurity Basics
- Offensive Security
- IPv4/IPv6 Networking
- Routing & Switching
- Linux Fundamentals
- Java (OOP, CRUD)

Technologies

- Windows & Linux OS
- PowerShell & CMD
- Java
- Git & GitHub
- Cisco Packet Tracer
- Nmap
- AI Basics (Jetson Nano)
- Microsoft Office
- Canva Pro

Soft Skills

- Problem-Solving
- Teamwork & Leadership
- Adaptability

EDUCATION

Diploma in Cybersecurity

Univ. College of Applied Sciences (UCAS)

Jul 2023 – Present

High School Certificate

PROFESSIONAL SUMMARY

Dedicated ICT Specialist and Cybersecurity student (Diploma at UCAS) with **5+ years of practical experience in IT support and computer maintenance**, network troubleshooting, and data management. Currently volunteering with the Palestinian Red Crescent Society (PRCS). Holds multiple global certifications from NVIDIA, Cisco Networking Academy, Edraak ICDL, and TryHackMe. Developer of **ProLaptop Ultimate v3.1**, a comprehensive 100-tool Windows maintenance and cybersecurity framework.

EXPERIENCE

ICT Specialist (Volunteer)

Jan 2024 – Present

Palestinian Red Crescent Society (PRCS) — Khan Younis

- Provide direct and remote technical support, resolving system and network issues efficiently.
- Maintain and manage IT infrastructure to ensure continuous daily operations.
- Implement information security procedures and policies to protect institutional data.

Data Entry Clerk (Volunteer)

Jan 2024 – Present

Palestinian Red Crescent Society (PRCS) — Khan Younis

- Accurately manage database entry and organize digital records for integrity and compliance.
- Conduct strict data verification and quality checks to minimize documentation errors.

IT Technician & Programmer

Jan 2019 – Present

Self-Employed (Pro Laptop) — Khan Younis

- Perform advanced maintenance and programming for smartphone and PC clients.
- Diagnose and resolve complex hardware and software malfunctions.
- Developed and launched promotional materials and infographics via Canva.

Emergency Vaccination Campaign Worker

Sep 2024 – Oct 2024

UNICEF — Gaza Strip

- Managed field logistics and coordinated with local health teams for the national polio campaign.

English: Professional

TECHNICAL PROJECTS

ProLaptop Ultimate v3.1

PowerShell, BAT, WinPE | github.com/mahmoud-kullab/ProLaptop-Ultimate

- Built a robust 100-tool Windows PC maintenance and cybersecurity framework.
- Engineered 7 distinct modules including System Repair, Network Diagnostics, and Cyber Security.
- Integrated a standalone WinPE Edition for offline system recovery and hardware diagnostics.

Library Management System

Java | github.com/mahmoud-kullab/Library-Management-System-Java

- Developed a console-based application utilizing Object-Oriented Programming (OOP) principles.
- Implemented complete CRUD operations with robust input validation and error handling.
